**Toucher and Rich, WBCN**

TOUCHER AND RICH are the best thing to happen to WBCN since Howard Stern went to satellite. It's clear that they try their damndest every single day to create a funny show, and over time they've developed some great bits—the Drunken Red Sox Recap, the Chili Guy, sending Adolfo out into the city just to be Adolfo. Tune into WBCN some weekday between 3 and 7 pm, and you might be surprised to find that Opie and Anthony are actually the second-funniest DJ duo on 104.1.
